Featured acts will include:

* The **MOONLIGHTERS** playing classic Chicago style and 1940's jump blues. The award-winning MOONLIGHTERS, featuring Cheverly's own Jimi Jones on drums and lead vocals, have been entertaining audiences at concerts and festivals for over a decade.

* The **HALLELUJAZZ PROJECT** is Nigerian-born drummer Tosin Aribisala's attempt to fuse his influences by blending his traditional African musical concept with AfroPop, West African highlife and elements of jazz, R&B and other contemporary music genres.

* The **SHAW BROS & PETE MILANO** have been stalwarts of the regional bluegrass scene for decades. This quartet features hot pickin' and tearful ballads, drawing on the Scotch-Irish heritage and from the Appalachian musical renaissance of the 1940s - 60s. <http://www.Bluegrassville.com/ShawBrothers/>

* The **TOM CUNNINGHAM ORCHESTRA** featuring **ESTHER HAYNES** will provide a nod to the era of the founding of our fair city. Cheverly Day takes place on the birthday of DC native Duke Ellington, and this spectacular 19-piece jazz orchestra with 2 singers will feature the music of the 1930s and especially of

Duke Ellington in tribute to the founding of Cheverly. <http://www.tomcunningham.com>

These are just a few highlights of what you can expect from the Main Stage at Cheverly Day this year, **Saturday, April 29, 2006**. Other acts on the Main Stage will include a modern soul/R&B band, Silk Road dancers, Native American story telling, and spoken word poetry performances.

Cheverly will celebrate Arbor Day on April 12th this year. Cheverly is very proud of our Tree City USA status and makes every effort to protect and preserve our trees and continually add to our Urban Forest. The Public Works Department will commemorate the day planting trees at the corner of Cheverly Avenue and Tuxedo Road.

We encourage our residents to recognize the value of our Urban Forest and join us in our efforts to keep Cheverly a Tree City USA—**PLANT A TREE!!**

MULCH

The Public Works Department has contracted with Maryland Environmental Services (MES) again this year to grind our leaves, yard waste, brush and Xmas trees into a fine grade mulch. Public Works will begin deliveries April 18th. **Schedule a delivery now.**

Public Works will keep a large mound of the mulch at the Town Park parking lot (near the ballfields) for residents to help themselves. The Town DOES NOT provide wood chip mulch for residents. Any mounds of wood chips in the parks IS FOR THE PARKS and is not available for residents to take.

Contact the PUBLIC WORKS OFFICE to schedule a mulch delivery. They are open Monday-Friday from 7:30AM to 4:00PM.

NOTE: The Maximum for one delivery is two (2) scoops of the bulldozer. The fee is \$20 per delivery. If you have any questions you can call 301-773-2666.

Public Works can only deliver mulch where there is a driveway or a safe place to back their dump truck and tip the load on the lawn.

REMINDER: If you leave mulch on the lawn for very long—it will kill the grass underneath.

Message from the Chief Buddy Robshaw
(policechief@cheverly-md.gov)

I would like to invite everyone to the next **C-PACT (Cheverly–Police And Citizens Together) meeting scheduled for April 12, 2006, at 7:00 PM.** This is an important meeting that will be devoted to, among other things, preparation for C-PACT’s involvement in Cheverly Day. The group will have a booth devoted to providing public safety information to the community, recruiting resident partners, and explaining the mission of C-PACT and its various action committees. There will also be police displays, handout materials, and games. Please take the time to stop by this booth and meet with your fellow Cheverly friends, neighbors, and C-PACT members.

In addition to this C-PACT news, I would also like to inform the community that Denise Ryan and Jodi O’Connell have agreed to serve as President and Vice President respectively of our group. I would like to personally thank these “volunteers” for their spirit of community involvement and their commitment to the public safety of Cheverly. C-PACT truly is a community/police partnership that benefits all residents.

I have occasion to read a number of Emails generated by Cheverly residents on any number of sites and blogs. While reading some of these Emails, I see a number of questions or problems presented that may have an impact on public safety or concern specific issues that are occurring in the Town. If you have a public safety concern, or if you would like specific answers to questions concerning crimes and other issues in Cheverly, please feel free to Email me at policechief@cheverly-md.gov. Give me a couple of days to answer or provide information about specific incidents. Fear of crime is an issue that can be greatly reduced with accurate and timely facts.

I am currently investigating the possibility of presenting a workshop on *Women, Crime, and Self-Defense*. This workshop would cover such areas as victimology, problem diffusion and resolution, and self-defense techniques that work. This workshop would be spread out over several weeks to enhance skill building and to practice various methods of self-defense. More will be coming on this topic soon, but in the interim, direct questions, suggestions, and comments to my Email.

Crime incidents have recently been at a 10-year low, in part because of diligent police work, but also because a great many residents have taken the initiative to report

suspicious events and become involved with C-PACT and other community-action groups. Please take the time to call the Cheverly Police if you see anything that appears out of place. In an emergency, please call 9-1-1. For non-emergency calls, please call **Communications at (301) 333-4000**. Thanks in advance.

The Cheverly Police Department has entered into an agreement with Hanson Arms and Cheverly Terrace Apartments to enforce trespass violations on either property. In most cases, violators will be advised of the law and given a written warning first. Subsequent violations may result in full custody arrests. This is just another tool to reduce the presence of the illegal drug culture in our Town.

Spot Light on the Law: Maryland is a common law state, which means among other things, that our State forefathers developed a system of laws which they felt were fundamental to the safety and welfare of all people. Originally, there were nine (9) common law felonies in Maryland that are identified by the following acronym:

[MR & MRS LAMB] Each of the letters of this acronym stand for an individual felony. Try this little quiz—See how many you and you family can figure out – the answers are on page 6 in this newsletter.

Other Issues.....

1. Each year, 500–600 people are injured in pedestrian accidents in Prince George’s County, which as the highest number of pedestrian deaths (111 in 2005) in the State. Children age 5–15 are at the greatest risk and most children are injured between 3:00 pm and 8:00 pm.
2. In 1997, Maryland changed the law to allow police officers to stop a motor vehicle for no reason other than non-seat belt use. The Cheverly Police Department aggressively enforces seat belt laws.
3. The Town of Cheverly provides the same tax benefits for vehicle donations as do other non-profit groups. Please consider the Town first when making your next donation.
4. To Learner’s and Provisional Driver’s License holders under age 18, please remember you cannot use any type of cellular telephone while driving a motor vehicle except for dialing 9-1-1 to report an emergency.
5. The Police Department recently got a new batch of whistles. If you need one, please stop by the station or provide us with your address and we will put one in your mailbox. This is just another prevention tool against crime.

The Annual Truck Touch, sponsored by the Cheverly Weekday Nursery and Mother's Day Out, is just one month away! Let the kids sit behind the wheel of some of their favorite vehicles. Honk the horn, pretend to drive, have your picture taken. Garbage trucks, police cars, dump trucks, fire trucks and more! There'll also be food, drinks, and games! Join us Saturday, **May 13, 2006 from 10:00AM to 2:00PM** at the Cheverly United Methodist Church parking lot. Admission for children 2 or older is \$2.50; adults are free. *Liz O'Leary*

Raccoons, Rats, Related Rodents and Refuse Cans

Your refuse containers are the prime source of food for Raccoons, Rats, and other related rodents. If you are seeing raccoons, rats, and/or other related rodents in your yard or attic inspect your trashcans for holes and/or any other openings where these critters can enter and find food.

1. Evaluate the food feast you are providing by not having enough refuse containers with tight fitting lids to address your household needs.
2. Evaluate if a household pet food is also the source of a feast for other unwelcome guests now living in the yard or the attic.

Recently the Public Works Departments phones have been ringing with questions regarding these critters throughout the Town.

Please note the following excerpt from the Town's Code. Following this Town ordinance is one of the ways you will help protect your family, your neighbors, and your refuse container may not become a ***"Varmint's Buffet."***

"Sec. 10-6. Garbage and trash receptacles and collection generally.

In addition to recycling bins and other receptacles containing recyclables **each residence** shall maintain a suitable metal or plastic container that is intact and **without holes**, not to exceed **thirty-two (32) gallons' capacity** covered with **a tight-fitting intact lid**, for the storage of garbage and trash. The abovementioned recycling bins, recyclables, and containers shall, from 7:00 p.m. on the day prior to collection until 7:00 p.m. of the day of collection, be placed at the curb or on the outside of the building and at a place which is readily accessible to the collector. If these bins, recyclables, and containers are kept on the outside of the building at any other times, they should be placed to the rear of the front building line and in the case of **trash containers kept covered with a tight-fitting intact lid....."**

Some Mice and Rat Facts: Gestation Period 17 to 22 days – Babies in a litter 8 to 12 but up to 22 - Maturity 13 weeks. Rats and mice have lived with humans since prehistoric times since humans have provided shelter, food and nesting. Let us work here and now to end this relationship and/or at least keep it at a distance.
